CP PLUS Trusted Core:
The Heart of Reliable Surveillance

More Trusted • More Secure • More Reliable

Secure Boot

Ensures only authorized firmware runs during startup

Secure Transmission

Data sent online is protected & has strong security

Strong Cryptography Algorithms

Defends against side-channel attacks with advanced security measures

Tamper Proof

Specialized hardware prevents any tampering with the device

Data Security

Sensitive information is protected with strong encryption

720P
Standard Security Camera

3MP
Using the CP Plus ezy 4G Camera

3MP Camera for Vivid Video

Designed to represent an enhanced picture quality in 3MP camera so that every detail can be viewed with vivid clarity and a pixilated video feed can be avoided.

Full-Color Night Vision

The Full Color camera captures every detail in vivid, natural tones, even in the darkest hours. Unlike traditional cameras that switch to black-and-white, it delivers clear recognition of faces, clothing, and surroundings round the clock. With true color imaging 24x7, it ensures smarter, more reliable, and more confident security for any environment.

Motion Tracking

Whenever unexpected motion is detected in the video frame, the camera has been devised to rotate automatically to track the movement of people and record it to investigate later.

Human Body Detection

Designed to provide human detection and intelligent alerts, which means only being alerted only when the need occurs as the camera detects people as opposed to animals, passing vehicles, or other inanimate moving objects.

4G Support

To eliminate the hassle of cables and switches, this camera has been 4G enabled which makes it easier and better to conduct surveillance of any closed space.

Built-in Siren

When the camera detects movements in the video frame, the Built-in siren automatically goes off to keep you notified in real-time to help you stop intruders effectively.

Cloud Recording

Offers secure and encrypted cloud-based video storage, ensuring your recordings are accessible anytime, anywhere, even if the physical camera is tampered with.

Specification - EZ-S35T

Feature	Specifications
Image Sensor	1/3” 3MP CMOS Image Sensor (0.84667 centimeter)
Minimum Illumination	Color: 0. 1Lux, B/W: 0.01Lux
FPS	15fps
Lens	4mm
Max. Aperture	F2.0
Angle of View	Diagonal: 102.6°, Horizontal: 86.2°, Vertical: 46.1°
Back Light Compensation	DWDR
S/N Ratio	≤36dB
Video Compression	H.265
Resolution	3MP (2304 x 1296)
Picture Adjustment	Auto-adjust Contrast, Brightness, Saturation
Exposure Conditions	Auto-adjust AWB, AGC, BLC
Electronic Shutter	1/50s(1/60s)-1/100,000s
Noise Reduction	2D DNR
Motion detection	Support
Motion Tracking	Support
Audio Compression	G.711A, AAC
Alarm Notification Push	Support
4G Frequency Band	FDD-LTE:B1/B3/B5/B8; TDD-LTE:B34/B38/B39/B40/B41
IR Number	6pcs IR LEDs
IR Distance	20-30 Mtr.
White LED Number	6pcs White LEDs
White LED Distance	15-20 Mtr.
Echo Cancellation	Support

Feature	Specifications
Human Body Detection	Support
4G Standard	LTE-TDD / LTE FDD
Day/Night	Auto/IR/Color
Work with Google Home	Support
Ethernet	Support
RTMP	Support
IR Cut Filter	Auto
Smart Phone	Android, iOS
Pan/Tilt Angle	Pan: 266°, Tilt: 90°
Storage	Micro SD card (up to 256GB)
Audio	Built-in Mic
Built-in Speaker	Support
Two-way talk	Support*
Built-in Siren	Support
Mobile App	ezyLiv+
Application Environment	Outdoor
Power Supply	DC 12V, 1A
Power Consumption	≤12w
Weatherproof Standard	IP66
Operating Temperature	-20°C~50°C
Operating Humidity	<95%(no condensation)
Casing	PC + ABS Plastic
Dimension	165mm x 132.8mm x 191.5mm
Weight	850g

***Two-way talk in half duplex mode**
